	ANNEX 6 – DUBAI AIRPORTS ACCOUNT DETAILS	47

1. DEFINITION OF TERMS AND INTERPRETATION

1.1 In these Conditions of Use, the following words shall have the following meaning:

'**ACL**' means Airport Coordination Limited, the slot coordinator appointed by us.

'**Airport**' or '**DXB**' or '**OMDB**' means Dubai International Airport.

'**Airport Charges**' are charges levied by us in connection with landing, parking and other services offered to you.

'**Airport Slot**' means the permission given by ACL for a planned operation to use the full range of Facilities and Services necessary to arrive or depart at the Airport on a specific date and time.

'**Air Operator's Certificate**' means the certificate of that name issued under the applicable legislation of the country in which your operation is based.

'**AOCC**' means the Airport Operations Control Centre.

'**AOSP**' means the Aircraft Operator Security Programme, which all aircraft operators providing services from the UAE shall establish in accordance with the GCAA CAR part VII.

'**Arriving Passenger**' means an inbound Passenger whose final destination is the UAE.

'**Cargo**' means any goods carried on an aircraft and covered by an air waybill, including mail.

'**Chapter 2 Aircraft**' means those aircraft with noise standards described in Chapter 2 of Annex 16 to the 1944 Convention on International Civil Aviation.

'**Conditions of Use**' means these Conditions of Use for Passenger and Cargo.

'**DCAA**' means the Dubai Civil Aviation Authority.

'**Departing Passenger**' means a Passenger whose final destination is a place outside the UAE.

'**Dubai Airports**' or '**DA**' means Dubai Airports Corporation.

'**DWC**' means Al Maktoum International Airport – Dubai World Central.

'**Effective Date**' means the date on which these Conditions of Use become effective, as set out in the front page.

'**Facilities and Services**' means the aircraft movement, passenger processing and other general facilities and services provided by us to you at the Airport, except to the extent that those facilities and services are provided to you at the Airport under separate contractual arrangements and/or separate authority provided by us.

'**GCAA**' means the UAE General Civil Aviation Authority.

'**General Aviation**' means any air services operations other than RPT, cargo or military.

'**GSA**' means a General Sales Agent.

'IATA' means the International Air Transport Association.

'ICAO' means the International Civil Aviation Organization.

'Inadmissible Passenger' means a passenger who is refused entry into the UAE or is refused onward carriage through the UAE due to improper travel documentation.

'Legislation' means all UAE federal or Dubai laws, decrees or ordinances and any rule, order, regulation, notice, policy, direction, byelaw, permission and plan from time to time issued by any federal or local authority or body having jurisdiction over the activities of the Airport or aircraft using it.

'MTOW' means Maximum Take-Off Weight and refers to the maximum take-off weight of an aircraft as specified in the aircraft noise certificate (or equivalent documentation issued by the competent regulatory authority).

'NOTAM' means an airport-issued notice to airmen.

'Passenger' means the occupant of an aircraft (of any age), other than the flight or cabin crew.' **Regular Public Transport Operations** or 'RPT' means air service operations where, for a fee, the aircraft is operated according to fixed schedules over specific routes and is available to the general public on a regular basis.

'Season' refers to the IATA scheduling seasons and means, in each year, (i) for the Northern Summer season, the period commencing on the last Sunday in March and ending on the last Saturday in October; and (ii) for the Northern Winter season, the period commencing on the last Sunday in October and ending on the last Saturday in March.

'Schedule of Charges' refers to the charges applicable to your use of our Facilities and Services as listed in Annex 5 of these Conditions of Use and published by us on our official website at <https://dubaiairports.ae/corporate/business-opportunities/airlines>.

'SMS' means Safety Management System.

'SPC' means the Slot Performance Committee, as defined in the SPC Terms of Reference.

'SPC Terms of Reference' means the ACL International, Dubai International Airport Slot Performance Committee Terms of Reference, as amended from time to time, available at <https://www.acl-uk.org/wp-content/uploads/2023/02/Dubai-International-Airport-Slot-Performance-Committee-Terms-of-Reference-Feb-2023.pdf>.

'Supplementary Documents' means the documents listed in Annex 1 of these Conditions of Use, as amended from time to time.

'Transfer Passenger' means a Passenger arriving at, and departing from, the Airport on a different aircraft or on the same aircraft bearing a different flight number.

'Transit Passenger' means a Passenger arriving at the Airport on a through flight and subsequently departing from the Airport on the same aircraft, or on a replacement aircraft in the event that the aircraft on which the passenger arrived has been declared unserviceable.

'UAE' means the United Arab Emirates.

'we' or 'us' or 'our' means Dubai Airports Corporation and includes our successors and assigns.

'you' or 'your' means, in the case of RPT, the holder of the Air Operator's Certificate at the time our Facilities and Services are used or, in the case of non-RPT, the person or entity who is identified as 'owner' or the holder of the aircraft certificate of registration, or otherwise has the management or control of the aircraft, at the time our Facilities and Services are used. The terms shall include your executors, administrators, successors and assigns.

1.2 The singular includes the plural and the plural includes the singular.

1.3 If you consist of more than one person or entity, then each person or entity is jointly and severally liable under the Conditions of Use.

1.4 Any phrase introduced by the expressions "including", "include", "in particular" or any similar expression, shall be construed as illustrative only and shall not limit the sense of the words preceding those terms.

1.5 Headings used in these Conditions of Use are for convenience only and shall not affect the interpretation of the relevant provisions in these Conditions of Use.

2. THESE CONDITIONS OF USE

2.1 The Conditions of Use set out the terms and conditions that apply to and govern the relationship between you and us and that apply to and govern your use of the Facilities and Services. A copy of these Conditions of Use is provided to you and, in addition, is made available on our website.

2.2 These Conditions of Use take effect from the Effective Date and replace all previous editions of the Conditions of Use.

2.3 Prior to your first use of the Facilities and Services following the Effective Date, you shall provide to us (by email to airline.relations@dubaairports.ae) with a copy of these Conditions of Use signed by you for acceptance. However, if you do not provide us with a signed copy of these Conditions of Use, by your use or continuing use of the Facilities and Services you shall be deemed to:

2.3.1 have agreed to, and be legally bound by, these Conditions of Use; and

2.3.2 have waived any and all rights to challenge the validity and enforceability of these Conditions of Use on the basis that these Conditions of Use have not been signed by you.

2.4 Nothing in these Conditions of Use shall:

2.4.1 confer or be deemed to confer to you the right to use the Facilities and Services without our permission and consent.

2.4.2 waive or be deemed to waive (or otherwise limit) any power, right or authority conferred on us by the Legislation.

2.5 These Conditions of Use do not apply to General Aviation operations, in respect of which our separate Conditions of Use for General Aviation apply.

3. SUBMISSION OF INFORMATION

3.1 Prior to using our Facilities and Services, you shall provide us with:

3.1.1 Your name, address and contact details.

3.1.2 Airline questionnaire filled by the airline (available upon request).

3.1.3 Evidence of obtaining the required landing permission through the relevant authorities (DCAA).

3.1.4 Evidence that you have obtained the required Airport Slots from ACL.

3.1.5 Names, addresses, telephone numbers, fax numbers, email addresses and all other contact details of your key personnel that we can contact at any time about emergencies, security, operational or financial matters in connection with your use of the Facilities and Services.

3.1.6 Copy of your passenger welfare programme compliant with the terms of Clause 12 and Annex 4 to these Conditions of Use.

Items 3.1.1 to 3.1.6 above by email to airline.relations@dubaairports.ae

3.1.7 Copy of your aircraft recovery plan setting out the arrangements for the removal and/or recovery of stationary and/or disabled aircraft.

3.1.8 Copy of your emergency plan setting out your emergency procedures in connection with any potential threats to Passengers, Cargo and our Facilities and Services.

Items 3.1.7 and 3.1.8 above by email to emergency.planning@dubaairports.ae

3.1.9 Copy of your AOSP, *by email to dasecurity@dubaairports.ae*

3.1.10 Evidence of compliance with your insurance obligations set out in Clause 16, *by email to insurancemanagment@dubaairports.ae*

3.1.11 MTOW/Noise certificates for the operating aircraft, *by email to billing@dubaairports.ae*

4. YOUR USE OF THE FACILITIES AND SERVICES

4.1 When using our Facilities and Services, you must at all times comply with:

4.1.1 These Conditions of Use;

4.1.2 The Legislation;

4.1.3 The Supplementary Documents;

- 4.1.4 Any instructions, orders, directives, notices, rules and policies issued by us from time to time, which may supplement, vary, or discharge any of the terms and conditions set out in these Conditions of Use; and
- 4.1.5 All rules, guidelines and codes of practice applicable to Airport Slots and their allocation.
- 4.2 You acknowledge and accept that access to our Facilities and Services is subject to the demand of other users of the Airport and may be constrained by the Legislation. We will manage and regularly review the access to our Facilities and Services having regard to their availability, capacity constraints and efficient use.
- 5. TRAFFIC RIGHTS AND AIRPORT SLOTS**
- 5.1 The Airport is designated as a Level 3 airport as defined in the Worldwide Airport Slot Guidelines (WASG) (Airport Council International (ACI), Worldwide Airport Coordinator Group (WWACG), and IATA. ACL is the appointed coordinator to allocate Airport Slots to airlines and other aircraft operators using or planning to use the Airport.
- 5.2 You are not permitted to operate to or from the Airport without first obtaining landing permission and traffic rights from the DCAA and an Airport Slot from ACL on a Season-by-Season basis.
- 5.3 Applications for permissions (scheduled, extra, and/or charter) must be submitted through a designated online portal. All airlines/operators/agents are required to sign up at the following official link: www.dcaa.gov.ae to submit their requests. If DCAA requires, applications must also be submitted via email. These should be directed, along with, but not limited to, the proposed schedules and AOSP, to the DCAA at the following address:

Air Transport & International Affairs Sector
Dubai Civil Aviation Authority
Dubai International Airport
P.O. Box 49888 Dubai, UAE
Tel: 00 971 4 777 0440
Mobile: 00 971 56 686 9128
Fax: 00 971 4 2244502
Email: air.transport@dcaa.gov.ae

Traffic rights should also be confirmed by the DCAA on a season-by-season basis. All operators are required to check the Conditions of Use submitted by Dubai Airports.

The setting of policy and negotiation of traffic rights is undertaken by the DCAA in cooperation with the GCAA. Before granting an operating permit for scheduled flights, the DCAA ensures that the services are undertaken in accordance with the traffic rights and conditions provided under the air service arrangements which the UAE and the Emirate of Dubai has agreed with the state where the airline is

registered. In the case of non-scheduled (charter) flights, the DCAA will consider the application on a case-by-case basis, at its discretion.

The DCAA levies fees on the issuance of some landing permits according to the type of operation. For further information please contact the DCAA directly.

5.4 ACL's contact details are set out in Annex 2 to these Conditions of Use. The rules applicable to the allocation of Airport Slots, which form an integral part of these Conditions of Use, can be found on ACL's website at <https://www.acl-uk.org/Dubai-International> and are also reproduced in Annex 3 to these Conditions of Use.

5.5 Your adherence to the allocated Airport Slots is monitored by ACL. ACL has authority to investigate and take appropriate action against you, directly or through escalation to the SPC, to address any misuse or abuse, in accordance with the SPC Terms of Reference. Slots must be applied for using a valid IATA (primary requirement) and if not available, ICAO operator code. can be used for slot application. FBOs or third parties must obtain an authorisation letter in advance of applying for slots on behalf of an operator.

5.6 Airport Slots will only be allocated to operators who apply for at least 80 per cent of the season length. Scheduled and additional passenger flights are the only traffic type permitted.

5.7 AeroLogic, DHL and UPS Airlines are named integrators which can operate cargo flights at the Airport. Other freight airlines should operate these service types to DWC.

5.8 Ad hoc and charter aircraft operators are not permitted at the Airport unless operators hold scheduled historic slots or slots equivalent to 80 per cent of the season length. The Charter Local Rule does not permitted airlines to operate charter flights only. In the event that any ad hoc landing permission and traffic rights are granted by the DCAA, access to the Airport is subject to the availability of the relevant Facilities and Services.

5.9 Positioning flights are permitted for all operators and must obtain a valid slot. Training flights must hold a valid slot and are only permitted for the base operators, Emirates and flydubai. Other airlines are only permitted to operate training and technical stop flights to DWC.

5.10 General Aviation operators must approach and obtain Airports Slots through the named FBOs, ExecuJet and Jet Aviation, unless exemptions have been granted to use their own IATA or ICAO operator code.

5.11 Helicopter movements are restricted to Dubai Airwing's premises only and are subject to Dubai Air Wing's explicit approval. All requests for helicopter movements shall be made to the AOCC, not via ACL.

6. OPERATIONAL REQUIREMENTS

6.1 You acknowledge that, in the prevailing ambient conditions, your aircraft must meet the published minimum climb gradients for departure from the Airport and undertake to adjust your payload accordingly to ensure that these requirements are met.

- 6.2 Upon request, you shall supply to us and/or to the DCAA/GCAA evidence that your aircraft does not exceed the MTOW. The load manifest, trim sheet and load plan relating to each flight shall be left with your ground handling agent and may be subject to random checks.
- 6.3 You are responsible to ensure that flight plans submitted by you/your agent comply with the required ICAO flight planning principles.
- 6.4 Your aircraft must be able to fly 'Standard Arrival Routes' and 'Standard Instrument Departures' to the required degree of accuracy, in accordance with UAE AIP charts "OMDB-AD-2-41" to "OMDB-AD-2-48" and be equipped in accordance with the Legislation governing the use of the UAE airspace.
- 6.5 dnata is the sole ground handling service provider at the Airport and you shall contract with dnata for the provision of ground handling services to you prior to the use of our Facilities and Services. Ground handling services are provided by dnata in accordance with their standard terms and conditions, unless otherwise agreed in writing between you and dnata. Requests for ground handling services shall be directed to dnata by email to groundhandling@dnata.com.
- 6.6 You shall permit dnata to perform advance passenger processing. In the event you cease your operations at DXB, you must remove, or arrange with dnata storage of, your equipment (containers, pallets, stationary, etc.). If you fail to remove, or arrange storage of, your equipment, dnata shall be entitled to remove all remaining equipment.
- 6.7 You are prohibited from purchasing on-board catering from food outlets at the Airport. For any in-flight catering requirements you shall contact and contract with Emirates Flight Catering. Emirates Flight Catering's contact details are as follows:

Chief Operating Officer Tel: +971 (0)4 2086790 Email: coosec1@ekfc.ae	Senior Manager, Commercial and Services Tel: +971 (0)4 2086792 / 6748 Email: csm@ekfc.ae / csmsec@ekfc.ae	Operations 24/7 Tel: +971 (0)4 2086763 / 6779 Mobile: +971 50 652 1359 E-mail: opsekfc2@ekfc.ae SITA: DXBKCXH
--	---	---

7. RESTRICTIONS ON THE USE OF THE AIRPORT

- 7.1 We shall have the right, at any time, to close the Airport, in its entirety or any portion thereof, to air traffic, to delay or restrict any flight or other aircraft operations, to refuse take-off or landing permissions, to deny the use of the Airport or any portion thereof to any specified class of aircraft or to any individual/entity, when any such action is considered necessary or appropriate to avoid endangering persons or property and/or to ensure the safe operation of the Airport.
- 7.2 We may prohibit or restrict the operation at the Airport of certain types of aircraft for operational reasons, subject to prior notification to you.
- 7.3 We shall not be liable for any damages, losses, costs and/or expenses whatsoever incurred by you as a result of actions taken by us under Clauses 7.1 and 7.2 above.

- 7.4 Parachute jumping/sky diving, ultra-light aircraft and tow banner pick-up or drop-off at the Airport are prohibited unless expressly authorised by us, the GCAA and the DCAA.
- 7.5 Chapter 2 Aircraft are prohibited from operating at the Airport.
- 7.6 You are prohibited from parking or storing at the Airport any non-airworthy aircraft for a period in excess of ninety (90) calendar days without prior written permission from us, the DCAA or the GCAA. Such prohibition does not apply to aircraft under construction or being dismantled in fully enclosed and leased premises or to aircraft under repair/maintenance by a maintenance provider authorised by us.
- 8. MOVING OF AIRCRAFT**
- 8.1 We may instruct you to move an aircraft parked or stored at the Airport to another position at the Airport or to remove an aircraft from the Airport. You shall have an agreement in place with your contracted ground handler or another airline operator covering the prompt towing of an aircraft on your behalf on receipt of an instruction from us. Any such agreement shall cover the provision of equipment and personnel required for the towing operations.
- 8.2 If you do not comply with such instruction, we shall have the right to move or remove the aircraft and:
- 8.2.1 You shall reimburse to us any and all costs incurred by us as a result of having the aircraft moved or removed; and
- 8.2.2 You shall be liable for and indemnify us, our officers, employees and agents against any personal injury, death, loss or damage (including loss or damage to your aircraft) caused in the course of such operations.
- 8.3 You shall be responsible to promptly remove (and, if applicable, dispose of) any disabled or abandoned aircraft, and any and all parts thereof, subject to any requirements or direction by the GCAA to delay such removal or disposal pending an accident investigation.
- 8.4 You acknowledge and agree that, in the event that you fail to comply with Clause 8.3 above or if the circumstances so require, we shall have the right to take any and all necessary action to promptly remove, or dispose of, a disabled or abandoned aircraft (and any parts thereof) and:
- 8.4.1 You shall reimburse to us any and all costs incurred by us as a result of having the aircraft (and any parts thereof) removed or disposed of; and
- 8.4.2 You shall be liable for and indemnify us, our officers, employees and agents against any personal injury, death, loss or damage (including loss or damage to your aircraft or any parts thereof) caused in the course of such operations.
- 8.5 You undertake to cause any owner, lessor, or any other party having an interest in the aircraft you operate, to agree to be bound by, and be jointly and severally liable for the obligations under this Clause 8.

9. AIRPORT CHARGES

9.1 Scope

This section of the Conditions of Use and the Schedule of Charges set out the charges, and the conditions thereof, which apply to your use of our Facilities and Services, unless specifically exempted. The charges listed in the Schedule of Charges are exclusive of VAT and you shall pay the VAT where required in accordance with the applicable laws and regulations in force in the UAE from time to time.

9.2 Types of Charges

9.2.1 Policing

- (a) Where you are, or the origin/destination of a flight operated by you is, identified as being at significant or high risk, you shall pay an additional charge, as notified by us, equating to the cost of any policing services additional to the services normally provided to operators for flight origins/destinations at lower levels of risk.

9.2.2 Charges on landing

- (a) Charges on landing apply to each landing and the subsequent take-off of an aircraft.
- (b) These charges are calculated, in accordance with the Schedule of Charges, based on the MTOW set out in the documents supplied by you under Clause 3.1 above, charged per tonne or part thereof.
- (c) Should you fail to submit evidence of the MTOW of the relevant aircraft prior to operation in compliance with Clause 3.1 above, the charges on landing shall be calculated on the basis of the highest level of MTOW for the relevant aircraft type.

9.2.3 Charges on parking

- (a) The charges on parking are levied, in accordance with the Schedule of Charges, on the basis of the total number of hours, or part thereof, calculated as "on-block" to "off-block" times, that an aircraft has been parked on areas designated as the Airport parking areas.

9.2.4 Passenger Service Charges (PSC)

- (a) PSC apply to all commercial airlines operating a flight departing from the Airport.
- (b) PSC are levied in accordance with the Schedule of Charges, for each Departing Passenger (excluding infants, Transit and Transfer Passengers continuing travel within 24 hours of arrival).

- (c) Failure to submit accurate information in the defined standard format for each flight, as set out in Clause 9.4 below, will result in the full flight passenger load being used as the basis to calculate the PSC. You shall not be entitled to challenge such calculation.

9.2.5 Passenger Safety & Security Fee (PSSF)

- (a) PSSF applies to all commercial airlines operating a flight departing from the Airport.
- (b) PSSF is levied in accordance with the Schedule of Charges for each Departing Passenger (excluding infants, aircraft operating crew and Transit/Transfer Passengers continuing travel within 24 hours of arrival).
- (c) Failure to submit accurate information in the defined standard format for each flight, as set out in Clause 9.4 below, will result in the full flight passenger load being used as the basis to calculate the PSSF. You shall not be entitled to challenge such calculation.

9.2.6 Advanced Passenger Information Fee (API)

- (a) API applies to all commercial airlines.
- (b) API is levied in accordance with the Schedule of Charges for each Arriving, Departing, Transiting, Transferring Passenger (excluding infants and aircraft operating crew).
- (c) Failure to submit accurate information in the defined standard format for each flight, as set out in Clause 9.4 below, will result in the full flight passenger load being used as the basis to calculate the API. You shall not be entitled to challenge such calculation.

9.2.7 Passenger Facility Charges (PFC)

- (a) PFC applies to all commercial airlines.
- (b) PFC are levied in accordance with the Schedule of Charges for each Departing Passenger (excluding infants, aircraft operating crew and Passengers in transit between two flights with the same flight number).
- (c) Failure to submit accurate information in the defined standard format for each flight, as set out in Clause 9.4 below, will result in the full flight passenger load being used as the basis to calculate the PFC. You shall not be entitled to challenge such calculation.

9.2.8 Other Charges

- (a) In addition to the charges listed above, the following charges are levied in accordance with the Schedule of Charges:
 - (i) Aerobridge occupancy charges

- (ii) Security charges, namely "extra security charge", levied on all flights requiring extra security, and "security screening charge", levied on all integrator flights departing from the Airport.

9.3 Charges increase and inflation

We shall have the right to adjust the rates of any Airport Charges by providing sufficient notice to you. Increases pertinent to inflation, in particular, shall be communicated to you on a yearly basis.

9.4 Data Requirements

9.4.1 To ensure that correct landing charges are invoiced, you must provide the aircraft noise certificate (detailing the aircraft registration number and MTOW) to our Finance Unit (by email to billing@dubaiairports.ae and A OCC.Integration@dubaiairports.ae) prior to your operations and/or should any change to an aircraft's MTOW occur.

9.4.2 For all Passenger related charges, passenger data shall be submitted to us in accordance with the "data submission user guide" and using the "passenger charges data submission excel sheet" available on the corporate section of our website www.dubaiairports.ae (under the Conditions of Use & Charges tab).

9.4.3 Total Passenger figures must match the totals in the Load Distribution Messages (LDM), otherwise the highest value will be applied and no disputes will be accepted. Should you fail to comply with the LDM messaging requirements set out in Clause 10.5 on either leg of the flight, you will be charged for a full load on the rotation and no disputes will be accepted.

9.4.4 Passenger data submission shall be by email or other digital means accepted by us within 12 hours after Actual Time of Departure (ATD) via the standard format template, as provided in Clause 9.4.2

9.5 Payment of Airport Charges

9.5.1 Payment

For queries, contact our Finance Department (by email to creditcontrol@dubaiairports.ae or refer to the contact list in Annex 2).

9.5.2 Advance payment

(a) Effective from the Northern Winter schedule 2019, if you have not secured credit facilities with us, you must process advance payments with a minimum of five (5) working days' notice prior to the first arrival/departure.

(b) If you intend to operate a one-off flight, you are required to provide an advance payment before the intended operation. If you are a seasonal operator and hold a series of slots, you are required

to provide an advance payment equal to one-month's billing of your estimated operation as advance payments.

- (c) Invoices will be adjusted against the advance payments which you have secured with us and advance payments must be replenished within five (5) working days after every billing cycle.
- (d) Advance payments levy a 5% disbursement fee on the invoice value.
- (e) Upon review of the status of your payments, we reserve the right to take any or all of the following steps in case of continued advance payment defaults (including a default on the payment of collateral for the conversion from "advance payment" customer to "credit facility" customer):
 - (i) Apply a late payment penalty (also defined under Clause 9.5.4) - all delayed advance payments shall carry interest at the rate of 3% above the Emirates Interbank Offered Rate (EIBOR) per annum or 8% per annum (whichever is higher) to be charged on a daily basis from the day that any amount becomes due until clear funds are received into our bank account.
 - (ii) Increase the disbursement fee from 5% to 10% on the invoice value from the next billing cycle.
 - (iii) Increase the level of the advance payment required from one-month's billing to two-months' billing.

The rate change under Clause (e)(ii) and the increase under Clause 9.5.2(e)(iii)(e)(iii) shall continue for at least six (6) months and shall only be reversed if you comply with the terms of these Conditions of Use consistently for a continued period of six (6) months.

- (f) We reserve the right to suspend/cease airline services related to your customer processing in the event of non-compliance with advance payment terms and conditions.
- (g) In the event that you have not provided adequate notice for advance payments (as provided under Clauses 9.5.2(a) and (b)(b) above), aeronautical charges remain payable as per the Conditions of Use.
- (h) For more details on the advance payment process, please contact billing@dubaairports.ae.

9.5.3 Credit Facility

- (a) Starting from the Northern Winter Schedule 2023, all scheduled airlines must operate under credit terms in line with the provisions listed below.
- (b) Credit on settlement of Airport Charges is granted only if you successfully met our credit terms and conditions. We must secure our accounts receivable by obtaining either a cash deposit or bank guarantee valid for one (1) year with an automatic renewal clause from a designated bank operating in the UAE before you are entitled to use our credit facilities.

- (c) For the submission of the bank guarantees, you are kindly requested to approach your designated bank to issue the bank guarantees in Dubai Airports Corporation favour to our advising bank Emirates NBD, Swift Code EBILAEADXXX in the format approved by us.
- (d) You should specify the services you require access to on a credit basis. The required collateral will be determined by us. Total estimated three (3) months' charges will be monitored, re-calculated and re-evaluated at the end of each quarter. Thus you may need to provide additional collateral if your total estimated three months' charges have been increased.
- (e) If you have appointed a GSA to be fully responsible for your operations at the Airport, the GSA must provide satisfactory evidence confirming their authority on your behalf. Any invoice will be raised in your name and addressed to the GSA. You and the GSA shall update us within five (5) working days in case of any change in the relationship in order for us to amend the billing formalities.
- (f) If you are a credit customer, you must pay in full all due invoices within thirty (30) calendar days from the date of the invoice.
- (g) Invoices are issued via email fortnightly from the 1st to the 14th day of the month for the first fortnight and from the 15th day to the end of the month for the second fortnight.
- (h) We shall have the full right to stop any credit facilities, encash the collateral and/or suspend/cease airline services related to your operation if one or more of the following scenarios occur:
 - (i) The total outstanding or overdue amount is not settled by you within the specified credit period.
 - (ii) The total outstanding amount exceeds the collateral amount and you intentionally or unintentionally do not settle the difference.
 - (iii) The total expected three-month charges exceed the collateral amount and you intentionally or unintentionally do not increase your collateral amount within a specific period set out by us.
 - (iv) You intentionally or unintentionally do not respond to our notification of renewal of the pertinent collateral before one (1) month of the collateral's expiration date.
- (i) All invoices shall be paid in full (in Arab Emirates Dirhams [AED]) without any deduction and we shall not bear any charges on account of bank transfer, exchange difference, etc. It is your responsibility to provide full remittance details of the payments made to us. All remittances should be emailed to: creditcontrol@dubaiairports.ae. If no payment allocation is provided within thirty (30) calendar days of payment, the payment will be allocated to the oldest open invoice on the account.

- (j) You, as a credit customer, shall upgrade your collateral following the standard procedures set by us if you are expanding your operations to the Airport. Should you fail to upgrade a bank guarantee given as security, you shall pay a cash deposit equivalent to three (3) months of operations based on anticipated flight schedules, aircraft type and passenger numbers. Deposits should be made at least two (2) weeks before the anticipated increase in your operations.
- (k) Should you fail to comply with the above collateral upgrade or cash deposit, we shall have the right to encash the collateral and you shall lose your credit customer privilege. The provision of Clause 9.5.3(g) shall apply.
- (l) You can request to withdraw the collateral you submitted if you decide to stop using credit facilities. In this instance, the collateral will be handed over by us to you after two (2) months from the request date, in order for us to prepare all pending invoices and settle pending accounts of the customer.

9.5.4 Late Payment Policy

- (a) Any payment due to us that is not paid by cheque, or bank transfer in cleared funds by the due date, shall carry interest at the rate of 3% above EIBOR per annum or 8% per annum (whichever is higher) to be charged on a daily basis from the day that any amount becomes due until clear funds are received into our bank account.
- (b) We will invoice you for any such interest, without prejudice to any other rights we may have. The waiver of interest shall be at our sole discretion and for exceptional circumstances only.

9.5.5 Disputes

- (a) Any disputes on our invoices will be considered only if accurate information, along with supporting data/documents, is provided and within the timeframe set out below.
- (b) Any disputes must be raised (by email to billing@dubaairports.ae) within 30 calendar days of receipt of the relevant invoice, along with a copy of the relevant invoice and supporting documents, such as noise certificate, passenger manifest, load sheet and/or other relevant documents. Disputes which are raised beyond this time period or without the supporting documents will not be considered as validly submitted.
- (c) You shall not, without our express written consent, be entitled to set off, deduct or hold from the outstanding charges any amount in respect of which you have raised a dispute. You shall pay all charges in full pending resolution of any such dispute.

9.5.6 Penalties collection

Any funds received from you shall be first allocated to any outstanding penalties, fines and interest on unpaid invoices related to your operation.

9.6 Exemptions

- 9.6.1 Royal, diplomatic, and state aircraft are exempted from landing and parking charges only.
- 9.6.2 You are responsible to provide our AOCC and Finance Department (by email to aocc@dubaiairports.ae and billing@dubaiairports.ae) with all relevant documents justifying the exemption prior to operation.
- 9.6.3 Diverted flights are not exempted from Airport Charges. All relevant Airport Charges are applicable as set out in the Schedule of Charges.
- 9.6.4 For any queries, you must contact our Finance Department at the following contact details:

Tel: +971 (0)4 504 5376

Email: billing@dubaiairports.ae

Tel: +971 (0)4 504 5437

Email: creditcontrol@dubaiairports.ae

10. **OTHER DATA REQUIREMENTS**

10.1 General Requirements

- 10.1.1 You shall comply with data requests issued by us for the purposes of invoicing, reconciliations and supporting the planning, operation, and performance management of the Airport.
- 10.1.2 You shall comply with the data requirements outlined in these Conditions of Use. Proven and voluntary non-compliance will be addressed by our Aviation Business Management Team.
- 10.1.3 We and/or ACL shall be entitled to publish any information required for the purpose of comparing your performance (e.g. "On Time Performance") in a format that we and/or ACL may deem appropriate at the necessary date intervals that we and/or ACL determine.

10.2 IT Requirements

- 10.2.1 You undertake to take reasonable steps to inform us in advance of IT system(s) or IT infrastructure changes within your organisation which may have an impact on our operational IT system(s).
- 10.2.2 You must have in place a system for electronic data exchange of SITA messages (or other approved electronic method) between your Departure Control Systems (DCS) and us and:
- (a) take all reasonable steps to ensure that accurate data is contained within your central systems (including any websites) and the DCS at all times;

- (b) ensure that in the event of flight cancellation, your DCS and website is updated and a message in IATA SSIM Chapter 6 format is sent to ACL (by email to slots@acli-international.com) as soon as reasonably possible after the cancellation is identified, and;
- (c) where you make any change to or replace your DCS, which has a risk of impacting the wider Airport community, you must notify us without delay.

10.2.3 For stations without online DCS connectivity, data exchange for baggage and passenger messages can be facilitated by e-mail to DXBOPS.data@dubaiairports.ae. Further clarification regarding message format or means of communication can be sought from our Aviation Business Management team by email to airline.relations@dubaiairports.ae.

10.2.4 The SITA address to be used for the purpose of any message to us is "DXBADXH".

10.3 Reference Data

10.3.1 You shall submit to us on demand and in the prescribed format:

- (a) Fleet details including aircraft type and registration, number of seats, MTOW of each aircraft owned or operated by you;
- (b) Details of the aircraft's ascertained NOx emissions in respect of each aircraft owned or operated by you;
- (c) Details of the noise certification values for sideline, flyover and approach in respect of each aircraft owned or operated by you;
- (d) New and amended ownership or registration details to be advised before the 20th of the month preceding the first usage of an aircraft;
- (e) Scheduled time of operation in (UTC) of all flights from point of origin to DXB with flight duration; and
- (f) Flight plan call signs matching the flight number.

10.4 Payload Data

10.4.1 You shall submit to us within twenty-four (24) hours of your scheduled operation and in the prescribed format:

- (a) Information related to the movement of your aircraft or aircraft handled by the agent at the Airport for each of those movements. This will include information about the total number of passengers originating, terminating, transiting or transferring (male, female, children, infant, crew and split by travel class), baggage and the total weight of cargo and mail (expressed in kilograms) embarked and disembarked at the Airport; and

- (b) The name, postal address, phone and fax numbers, IATA/ICAO prefix and SITA address of the entity who is to be invoiced by us.

10.4.2 Twenty-four (24) hours prior to the scheduled flight departure you shall submit the Passenger Name List (PNL), through the appointed handling agent at the Airport, in the agreed format and to the following address:

Airlines operating to/from Terminal 1:
SITA: DXBCMXXH/ HDQKMEK

Airlines operating to/from Terminal 2:
Email: t2dmacs@dnata.com / hdqkmek@typeb.gmsmail.com
SITA: DXBCMXXH/ HDQKMEK

10.5 Operational Data

10.5.1 You shall provide to us, in the format and timeframe set out below, transmission of complete and accurate operational data by automatic electronic means using (and conforming to) IATA messaging and communication standards once the aircraft is airborne from outstation destined to the Airport for pre-arrival planning.

10.5.2 The required operational data includes:

- (a) Variations to schedule (including flight number, aircraft type, number of seats, route and scheduled time of operation)
- (b) Aircraft type and registration (including aircraft substitutions)
- (c) Turnaround linked flight numbers
- (d) Estimated times of operation to an accuracy of +/- 5 minutes (including estimated landing time at DXB for arriving flights)
- (e) Actual times of operation (including off-block and take-off times at outstation for arriving flights)
- (f) PSC and PFC messages as detailed in these Conditions of Use
- (g) PSSF messages as detailed in these Conditions of Use
- (h) API messages as detailed in these Conditions of Use
- (i) Passenger forecasts and booked loads (originating, terminating and transferring in DXB) two (2) weeks prior to operation; and

- (j) The following list of standard messages for all flights arriving to and departing from DXB:

ACRONYM	TYPE OF MESSAGE	IATA REFERENCE	DEADLINE
MVT	Aircraft Movement Message (AA, AD, EA, ED, NI)	IATA AHM 780	ASAP
ASM	Ad-hoc Scheduled Message	IATA SSIM Chapter 5	ASAP
DIV	Aircraft Diversion Message	IATA AHM 781	ASAP
DELAY CODES	Various	IATA AHM 730/731	ASAP
LDM	Load Message	IATA AHM 583	after take-off
PTM	Passenger Transfer Message	IATA PSCRM RP 1718	after take-off
PSM	Passenger Service Message	IATA PSCRM RP 1715	after take-off
BPM	Baggage Processing Message	IATA PSCRM RP 1745	(via BRS)
BSM	Baggage Source Message (Including Short Connections and Terminated)	IATA PSCRM RP 1745	(via BRS)
BTM	Baggage Transfer Message	IATA PSCRM RES 709	after take-off
BUM	Baggage Unload Message	IATA PSCRM RP 1745	ASAP
BNS	Baggage Not Seen Message	IATA PSCRM RP 1745	after take-off
CPM	Container / Pallet Distribution Message	IATA AHM 587	after take-off
UCM	ULD Control Message	IATA AHM 587	after take-off
CAL	Change Assistance List	IATA PSCRM RP 1708a	after take-off
SLS	Statistical Load Summary	IATA AHM 588	after take-off
PAL	Passenger Assistance List	IATA PSCRM RP 1708a	after take-off

10.5.3 Our IT systems recognise and strictly apply the following IATA standards:

- (a) Standards for message formats: IATA AHM 710

- (b) Standards for message corrections: IATA AHM 711
- (c) Airport codes: IATA AHM 010
- (d) Delay information codes: IATA AHM 730/731
- (e) Interline baggage tag form: IATA RES 740

10.5.4 Except for the communication of automated operational messages following the standard IATA format, the data should be sent to us:

- (a) Via SITA messages to DXBADXH; or
- (b) Via email to DXBOPS.data@dubaairports.ae

10.5.5 Any clarification regarding messaging format or means of communication can be sought from our Aviation Business Management team by email to airline.relations@dubaairports.ae

10.6 Passengers with Restricted Mobility (PRM)

10.6.1 You must submit pre-notification data for PRM travelling on your flights by SITA messages to the address DXBADXH.

10.6.2 If you do not have access to the SITA system, your ground handler at DXB shall pre-book Passengers for PRM services by email to aocc@dubaairports.ae.

10.6.3 Any SITA or email message must be in a recognised IATA format, with the subject starting with "PAL" or "CAL". It is important that the format details below are followed as the PRM messages are automatically picked up by our system:

PAL

ZB742/03 SEP LGW PART 1

-ALC

1 HARRIS/RUTH. R/WCHR

ENDPAL

If the message is sent by email, the body of the email must begin with "PAL" or "CAL", with no salutations or line breaks.

10.6.4 The following Special Service Requests (SSR) codes must be used to ensure the correct allocation:

- (a) WCHR - Passenger cannot walk long distance but can ascend/descend stairs.

- (b) WCHS - Passenger cannot walk long distance, is unable to ascend/descend stairs but can move inside the cabin unaided.
- (c) WCHC - Passenger unable to walk at all, cannot ascend/descend stairs and cannot move inside the cabin. Will need to be lifted in and out of seat on board the aircraft.
- (d) BLND - Passenger is blind or visually impaired.
- (e) DEAF - Passenger is deaf or hearing impaired.
- (f) DPNA - Passenger has a mental or sensory disability.
- (g) PETC - Passenger is travelling with an assistance dog.
- (h) STCR - Passenger is being transported in a medical stretcher onboard the aircraft. These passengers are often travelling with medical personnel and will be meeting a pre-arranged ambulance or transport.
- (i) WCMP - To be used in addition to another SSR code, this will indicate that the Passenger has their own wheelchair or mobility aid which is manually powered.
- (j) WCBD - To be used in addition to another SSR code, this would indicate that the Passenger is travelling with their own wheelchair or mobility aid which is battery powered with a dry cell.
- (k) WCBW - To be used in addition to another SSR code, this will indicate that the Passenger is travelling with their own wheelchair or mobility aid which is battery powered with a wet cell.
- (l) WCLB - To be used in addition to another SSR code, this will indicate that the Passenger is travelling with their own wheelchair or mobility aid which is powered by a lithium-ion battery.

10.7 Airport – Collaborative Decision Making (A-CDM)

10.7.1 A-CDM is a joint initiative between aircraft operators, dnata, dans and us. Its aim is to enable all partners to improve the efficiency, predictability, sustainability and resilience of aircraft flows. This will be achieved through enhanced common situational awareness, data sharing, joint collaborative decision-making processes, and an airport-wide culture of collaboration.

10.7.2 A-CDM aims, in particular, to:

- (a) Optimise the turnaround process to ensure the best possible coordination of ground handling and airport resources;
- (b) Increase the predictability of departure sequences; and

- (c) Introduce a single source of operational truth in the operational data shared by all the stakeholders

- 10.7.3 The implementation of A-CDM, as part of an ongoing project, will be done in phases.
- 10.7.4 One of the critical requirements of A-CDM is the timely and accurate updates to the Target Off Block Time (TOBT). The TOBT is the earliest time at which an aircraft is expected to be ready for start-up, all doors closed, boarding bridge removed, push back vehicle available and ready to start up/push back immediately upon receipt of clearance from Air Traffic Control. You must update TOBTs according to the parameters published in the relevant documentation either directly or via your appointed ground handling provider.
- 10.7.5 Once the A-CDM Start-up procedure is fully implemented, each flight will receive a Target Start up Approval Time (TSAT), taking into account the individual TOBTs and a set of operational requirements and conditions. TSAT is the time that an aircraft can expect to receive its start-up approval, aiming at an overall optimised push-back (or pre-departure) sequence. The TSAT of a flight is updated as the sequence is optimised.
- 10.7.6 The existing requirement to update the Estimated Off Block Time with a "Delay" (DLA) message (as per ICAO) for all delays equal to or in excess of 15 minutes remains in force.
- 10.7.7 For more details of A-CDM, you must refer to the relevant communication of air traffic control procedures, AIP entry. Any queries should be sent by email to A-CDM@dubaairports.ae

10.8 Data Verification

- 10.8.1 Within sixty (60) calendar days of departure, we may request copies of aircraft load sheets to enable verification of all details with respect to the Passengers carried on any or all flights departing from that Airport during a specified period and extracts from aircraft flight manuals to enable verification of aircraft weight, noise characteristics and the engine NOx emissions level. You shall, following a request in writing made by us supply us with the original copies of such documents.
- 10.8.2 Where you, or your handling agent, fail to provide the information required in Clause 10.8.1 within the period stipulated therein, we shall be entitled to assess the charges payable by you under these Conditions of Use by reference to the maximum passenger capacity of the aircraft, the MTOW and the maximum NOx emissions level of the aircraft type;
- 10.8.3 If you detect an error in the information provided to us, then you must, within thirty (30) calendar days of the relevant operation, send us a request to amend the information along with the correct data. We reserve the right not to correct the data if a request is received after the period stipulated above;

10.8.4 We will use our best endeavours to maintain the confidentiality of any information that you provide to us and classify as commercially sensitive. This paragraph shall not affect non-disclosure obligations pursuant to separate contracts entered into between you and us or our other legal obligations;

10.8.5 You acknowledge that we may verify from time to time the information that you have provided to us by directly counting passengers embarking or disembarking aircraft operated by you.

10.8.6 You shall use your best endeavours to assist us to identify the reason for any discrepancies between the information provided by you and the information collected by us.

10.9 Your local contact details

10.9.1 You shall provide our Aviation Business Management team with full contact details of your local station representative and of key people in the town office. It is your responsibility to update our Aviation Business Management team of any changes to such contact details within seven (7) working days of such change taking place.

10.10 Emergency Services

10.10.1 You shall contact our AOCC on +971 (0)4 504 5000 for any type of emergencies, including any medical emergency. You acknowledge that any failure by you to report an emergency will delay our action and response time and therefore you acknowledge that we will not be liable for any damages, losses, costs and/or expenses whatsoever suffered or incurred by you as a result.

11. INADMISSIBLE PASSENGER POLICY

11.1 It is your sole responsibility to ensure that all Arriving, Transit and Transfer Passengers carried on one of your aircraft have the required travel documentation to enter the UAE or to transit through the UAE and enter their country of final destination.

11.2 It is your sole responsibility to arrange, and cover any cost thereof, for any Inadmissible Passenger to either travel (i) to his/her country of origin, or (ii) to any other country where he/she is admissible within twenty-four (24) hours of receiving an admissible passenger form (or equivalent documentation) from the relevant immigration authorities. You shall inform us as soon as possible of the travel arrangements for the Inadmissible Passenger.

11.3 During the waiting time at the Airport, you shall be responsible to ensure adequate welfare for the Inadmissible Passenger in the terminal. If the Inadmissible Passenger's waiting time exceeds three (3) hours, you shall provide him/her with meals and refreshments free of charge, commensurate to the waiting time. If the Inadmissible Passenger's waiting time exceeds eight (8) hours or, in any event in case of overnight stay, you shall provide hotel accommodation in the Airport's airside facilities.

11.4 We shall impose on you a fine of AED 5,000 for each Inadmissible Passenger carried to DXB on one of your flights. We shall also impose a further fine of AED 1,000 for each Inadmissible Passenger for every

twenty-four (24) hours exceeding the initial period of twenty-four (24) hours set out in Clause 11.2 above.

- 11.5 Whilst we understand that, under your conditions of carriage and/or the applicable law, you may have the right to recover from an Inadmissible Passenger any costs incurred by you, you shall be prohibited from taking any steps to recover such costs within the Airport's premises.

12. PASSENGER WELFARE AND CONSUMER PROTECTION

- 12.1 You shall have in place a passenger welfare programme compliant with (for UAE operators), or equivalent to (for foreign operators), the programme set out in the GCAA CAR-PWP (as amended from time to time) and Annex 4 to these Conditions of Use, which you shall activate in the event of flight delays, cancellations, diversions and denied boarding.

- 12.2 You shall be prohibited from levying on any Passenger while at the Airport any charge, cost, fine (such as, by way of example, excess baggage charges or wheelchair charges) unless you have the right to do so on the basis of the Legislation, your contract of carriage with the Passenger and/or any other written document governing the relationship between you and the Passenger.

13. OTHER POLICIES AND PROCEDURES

13.1 Emergency Planning and Response

13.1.1 You shall have in place an emergency plan setting out your emergency procedures in connection with any potential threats to Passengers, Cargo and our Facilities and Services. Your emergency plan shall comply with the applicable regulatory standards and industry best practices and:

- (a) Appoint a representative(s) with responsibility and authority to plan for and respond to an emergency at the Airport;
- (b) Appoint a representative(s) to represent you in the emergency operations centre in the event of an emergency involving you at the Airport;
- (c) Establish a timeline of actions to be taken in response to an emergency and identify which actions are to be taken by you directly and by your contracted agents; and
- (d) Establish a family assistance plan compliant with the regulatory requirements set out from time to time by the GCAA.

13.1.2 Should you fail to adequately respond to an emergency, we reserve the right to procure (or cause to be procured) the required urgent/imminent emergency response, which shall include the appointment of an agent to assist passengers, crew and family members in accordance with our Aerodrome Emergency Plan (see Annex 1, item 8). You shall reimburse to us, upon demand, any and all costs incurred by us as a result.

13.2 Airport Security Pass

13.2.1 Regardless of its category (including: temporary, permanent, vehicle, special, equipment, escorted, car, controlled area, driving permit), the issuing of an airport security pass to individuals and/or equipment is a process solely governed by us, in liaison with the competent authorities.

13.2.2 Any request to issue an airport security pass shall be submitted to:

- (a) our Aviation Business Management team (by email to airline.relations@dubaiairports.ae) for airside access relevant to airport familiarisation, aviation business management activities or inaugural flights;
- (b) Aviation Business Management (ABM) is responsible for validating/confirming new and existing airlines (in case of major changes) schedules with the airport pass office. Please approach ABM prior to application submission.
- (c) Our Corporate Communication team (by email to filming@dubaiairports.ae) for airside access for, media and community groups
- (d) The relevant pass office directly for any other requests. Please refer to the airport security pass issuance terms and conditions available with the pass office (<https://dubaiairports.box.com/s/ui0tdp5xfgd5790tn3t0yndc91lgmvwk>)

13.2.3 We reserve any and all rights to withhold the issuing of a pass in the event that:

- (a) The documentation you are required to submit in support of your application is incomplete and/or is not submitted in a timely manner;
- (b) A pass is already issued to a GSA representing you;
- (c) Any other reason deemed by us, in our sole discretion, to be appropriate in the relevant circumstances without any obligation for us to disclose the details of any such reason.

13.2.4 We reserve the right to withdraw, in part or in full, access to the Airport's airside area without notice when we, in our sole discretion, consider it necessary to do so.

13.2.5 In the event that a pass granted to any of your employees, representatives and/or agents is withdrawn, cancelled, expired or is no longer required, it is your responsibility to return such pass to us within two (2) working days of any such event.

13.3 Safety, Health and Environment

You shall use a proactive approach in ensuring that all of your employees and customers have an environment that is free from recognised safety and health hazards that could lead to accidents and injuries. You shall comply with all applicable internationally recognised safety and health standards as well as our Safety and Environment Policy (please refer to Annex 1, item 1).

13.4 Safety Management System

13.4.1 To ensure the highest level of operational safety and a continuous improvement of safety performance at the Airport, you (as well as your agents, contractors and sub-contractors) shall maintain and operate a SMS that meets the relevant regulatory requirements and industry best practices. You shall also ensure collaboration and adherence to our SMS. In particular, you shall:

- (a) Participate in and adhere to our SMS, as detailed in Part 6 of our Aerodrome Manual (see Annex 1, item 7);
- (b) Follow our Aerodrome Safety and Quality Assurance Policy, detailed in Part 2 of our Aerodrome Management System Manual (see Annex 1, item 9);
- (c) Ensure that incidents and accidents airside are reported to the Senior Manager Airside on +971(0)56 6811646 or to the Airside Operations Control Desk (AOCD) on +971 04-5054723. Ensure that incidents and accidents within the Airport's terminals and concourses are reported to the relevant Senior Duty Manager Terminal/Concourse on T1 +971(0)50 624 8010; T2 +971(0)549905511; T3 +971 (0)56 603 5385; CA/CB/CC +971(0) 56 2165424;
- (d) Nominate a representative to act as the focal point for any airside safety concerns. This representative is required to liaise with the Senior Manager Aerodrome SMS DXB, to actively participate in safety forums and coordinate your participation in safety campaigns;
- (e) Proactively identify hazards, assess risks and implement controls to lower risks to "As Low As Reasonably Practicable (ALARP)" within your operations;
- (f) Perform internal investigations of all serious incidents and accidents pertaining to your organisation and provide reports to us upon request;
- (g) Employ trained, qualified and competent staff, and provide evidence of such training and qualifications to us upon request; and
- (h) Receive and disseminate as appropriate to all your personnel (as well as any relevant agent, contractor and sub-contractor), all our safety and operational instructions;

13.4.2 We reserve the unconditional right to conduct third party safety management and quality assurance audits of you and your operations in accordance with our SMS. The primary purpose of these audits is to ensure that safety, compliance and conformance standards are present, suitable, operational and effective. The audit process shall follow a structured process and as such you shall make relevant evidence available upon request.

13.4.3 For the continued safety of all personnel and operations, you shall subscribe to the 'Airside Temporary Notices' and 'Airside Safety Alerts' disseminated by Dubai Airports. Subscription

requests can be submitted by contacting the Safeguarding-AIM team via email at Safeguarding-AIM@dubaairports.ae.

13.4.4 You shall participate unreservedly in any/all safety investigations and safety/quality assurance audits conducted by us.

13.4.5 In the event that you operate outside the requirements provided in our Aerodrome Manual (see Annex 1, item 7), you shall submit to our Aerodrome Safety Unit evidence of your aviation management processes for review and oversight.

13.5 Spillage of Fuel, Hydraulic or other Dangerous substances

Notwithstanding any provision contained in any agreement, lease or permit with/held by you, you irrevocably agree and consent to us taking any and all necessary actions to effect the prompt clean-up of an aircraft, and/or vehicle, and/or other equipment or infrastructure, fuel and hydraulic/dangerous goods spillage and the disposal of contaminated materials required for the clean-up. You further agree, consent and undertake to reimburse to us any and all costs incurred by us (or on our behalf) for any such cleaning and disposal of contaminants, based on the "polluter pays principle".

13.6 Foreign Object Debris (FOD)

We operate according to a 'zero-tolerance FOD policy'. You shall abide by the principle of 'zero-FOD' in all of your operations at the Airport and comply with the provisions of any relevant operational notification issued by us.

13.7 Airside Driving

Airside driving standards are governed by our Airside Driving Regulations (see Annex 1, item 11). Possession of a valid airside driving permit is mandatory for all airside vehicles/ground services equipment.

13.8 Passenger Control

13.8.1 You shall be responsible to control the movement of Passengers between the Airport's terminals and remote parking bays and vice-versa.

13.8.2 In the event of an emergency, you shall comply with the evacuation process, set out in our Aerodrome Emergency Plan (please refer to Annex 1, item 8).

13.9 Service Delivery

13.9.1 To ensure the highest level of customer service delivery and a continuous improvement of service standards at the Airport, you (and your contracted service providers) shall maintain a minimum Level of Service (LOS) that meets pertinent regulatory requirements and/or industry best practices. You irrevocably agree, consent, and undertake to reimburse to us any costs incurred by us (or on our behalf) due to measures and initiatives which we may deem required, in our discretion, to ensure that the minimum LOS towards passengers are met at all times.

13.9.2 You must ensure that your Service Level Agreement (SLA) with your handling agent provides for sufficient resource to ensure that your Passengers remain within their queue footprint in front of the dedicated desks throughout their check-in opening times. You must ensure compliance with our Check-in Policy (please refer to Annex 1, item 14).

13.10 Smoking

Smoking (including the use of cigarettes, e-cigarettes and vaping devices) is not permitted at the Airport except in areas that have been designated and approved as smoking areas.

13.11 Commercial Photography, Film and Recording at the Airport

13.11.1 Unless authorised in writing by us and the Dubai Police, you shall not take still, motion, sound motion pictures, sound records or recording of voice for commercial, training or educational purpose, nor use electronic amplification devices in public areas of the Airport. Additional permits may be required from the Dubai Film & TV Commission, in respect of which you shall coordinate with our Aviation Business Management team.

13.11.2 We, our authorised representative and agents reserve the right to photograph and/or film airline facilities, vehicles, equipment, personnel and/or aircraft in the context of general airport operations as part of our efforts to create communication support materials to establish the context of our international operations and client base for use on our website, newsletters and internal and/or international communication media. Any independent media or third-party requests to film or take pictures of your brand and operations will be referred directly to you for review and approval as required.

13.12 Media and Other Commercial Activity at the Airport

13.12.1 Unless authorised in writing by us, you shall not post or distribute commercial signs, advertisements, literature, circulars, pictures, sketches, drawings, handbills or any other form of printed or written commercial matter or material at the Airport. Any media related activity must be submitted for approval to our Corporate Communication department.

13.12.2 You are allowed to display operational communication materials next to your allocated check-in counters, only during its hours of operation. You shall remove and store the relevant materials (including all stationaries) immediately (within fifteen (15) minutes) after closing of the check-in counters.

13.12.3 For any media related activity and the display of non-operational materials and promotional campaigns you must obtain prior written approval through our Aviation Business Management team. Please refer to Annex 2 for the relevant contact details.

13.12.4 We conduct regular audits to ensure compliance with the terms of this Clause 13.12. We reserve the right to confiscate and dispose of any material displayed in contravention of these terms.

14. BREACH OF THESE CONDITIONS OF USE

14.1 In addition to the specific remedies available to us under these Conditions of Use or the Legislation, you acknowledge that we shall have the unconditional right to prevent you from using the Airport in the event of a breach, or threatened breach, of these Conditions of Use.

14.2 If we do not exercise or if we delay exercising a right, power or remedy provided by these Conditions of Use or by the Legislation, this shall not constitute a waiver of that right, power or remedy. If we grant a waiver in respect of a breach of any term of these Conditions of Use, this shall not operate (or be deemed to operate) as a waiver of a subsequent breach of that term or as a waiver of a breach of any other term of these Conditions of Use.

15. LIABILITY

15.1 Neither we, nor our officers, employees, servants or agents shall be liable for:

15.1.1 Any loss or damage, caused for any reason, to an aircraft (including its parts or any property contained therein), ground equipment, property of passengers, crew or other personnel, at the Airport (or in the course of landing at or taking-off from the Airport);

15.1.2 Personal injury caused for any reason to a passenger, crew or other personnel at the Airport unless, and then only to the extent, caused by an act or omission done by us, our officers, employees, servants or agents, with intent to cause damage or recklessly and with knowledge that damage would probably result.

15.2 Neither we, nor our officers, employees, servants or agents shall have any liability to you or be obliged to indemnify you in respect of any:

15.2.1 Indirect loss;

15.2.2 Consequential losses;

15.2.3 Loss of profits;

15.2.4 Loss of revenue;

15.2.5 Loss of goodwill;

15.2.6 Loss of opportunity;

15.2.7 Loss of business;

15.2.8 Increased costs or expenses;

15.2.9 Wasted expenditure.

16. **INSURANCE**

You (as well as your agents and sub-contractors) shall, at all times while using our Facilities and Services, maintain adequate passenger, baggage, cargo, property and third party liability insurance meeting the minimum insurance requirements set by the Legislation.

17. **SEVERABILITY**

Each condition (including a sub-condition or part thereof) of the Conditions of Use shall be construed as a separate and severable term. If one or more condition is held to be invalid, unlawful or otherwise unenforceable, the remaining conditions shall remain in full force or effect. If any invalid, unenforceable or illegal condition would be valid, enforceable or legal if some part of it were deleted, the provision will apply with whatever modification is necessary to make it valid, enforceable or legal.

18. **ENTIRE AGREEMENT**

These Conditions of Use (together with the documents referred to herein) constitute the entire agreement between you and us in relation to your use of the Facilities and Services at the Airport. These Conditions of Use supersede any prior understanding or agreement between you and us and any prior condition, warranty, indemnity or representation imposed, given or made by a party, other than as expressly set out in these Conditions of Use.

19. **GOVERNING LAW AND JURISDICTION**

19.1 These Conditions of Use shall be governed by, and construed according to, the laws of the Emirate of Dubai and the federal laws of the UAE.

19.2 Any dispute or claim (including non-contractual disputes or claims) arising out of or in connection with these Conditions of Use or its subject matter or formation shall be submitted to the exclusive jurisdiction of the Dubai Courts.

ANNEX 3 - RULES APPLICABLE TO THE ALLOCATION OF AIRPORT SLOTS

1. Operational requirements specific to new Operators

- a. No Operator shall operate to or from DXB without first obtaining slots from Airport Coordination Limited (ACL) and subject to prior landing permission from DCAA.
- b. Schedules should be sent in IATA SSIM Chapter 6 format to Airport Coordination Limited (ACL) in the time scales specified by the schedules calendar to the address below. Submissions of schedule requests received later than the deadlines specified in the Schedules Calendar will receive lower priority in the slot allocation process and will impact on the determination of historic precedence in subsequent Seasons. The calendar of Coordination Activities can be downloaded at <https://www.iata.org/en/programs/ops-infra/slots/calendar-of-coordinated-activities/>. Slot request email: slots@acl-international.com.
- c. The Slots allocated at initial coordination will be granted if they fit within the available capacity of the airport. It will be a requirement of the Operator to supply ACL with all necessary required documentation by the Series Return Deadline, in accordance with the Worldwide Airport Slot Guidelines or the slots will be returned to the pool.
- d. The allocated slots by ACL are subject to the respective handling agreement with dnata. Changes to aircraft type will require confirmation that they can be facilitated within the requested slot timings.

2. Operational requirements specific to existing Operators – Schedule Coordination

- a. The airline Operator is requested to contact DCAA for landing permission and traffic rights on a Season-by-Season basis. The slots allocated by ACL should form part of the application to the DCAA. An Operator must have both the approval to operate permit issued from the DCAA and an allocated slot from the Coordinator before any operation. All allocated slots by ACL are subject to a permit being issued by the DCAA.
- b. The airline Operator should apply for clearance of its proposed schedule on a Season-by-Season basis directly with the airport Coordinator appointed by DA adhering to the time scales specified by the schedules calendar, by contacting:

Airport Coordination Ltd. (ACL)
Slot request email slots@acl-international.com
Tel: +44 (0) 208 564 0626 or +971 58 546 4873

- c. No Operator shall operate to or from DXB without first obtaining slots from Airport Coordination Limited (ACL) and subject to prior landing permission from DCAA.
- d. Schedules should be sent in IATA SSIM chapter 6 format to the following address.

Airport Coordination Ltd. (ACL)
Email: slots@acl-international.com
Tel: +44 (0) 208 564 0626 or +971 58 546 4873

- e. In the event an existing airline Operator intends to make changes to a schedule that has already been approved by the DCAA, the airline Operator shall obtain prior landing permission from the DCAA as per the amended schedule, and slot should be modified by sending a change request, a cancellation request or new request in IATA SSIM Chapter 6 format to slots@acl-international.com or via the online coordination system (OCS). OCS may be unavailable periodically due to the maintenance of the system
 - f. Schedule requests/submissions received later than the deadlines specified in the Schedules Calendar will receive lower priority in the slot allocation process and affect the determination of historic precedence in subsequent Seasons. The calendar of Coordination Activities can be downloaded at <https://www.iata.org/en/programs/ops-infra/slots/calendar-of-coordinated-activities/>.
 - g. Airport Coordination Ltd (ACL) as coordinator for DXB will manage submitted schedules within the available capacity of the airport facilities. In periods where submitted schedules result in over-capacity of the airport facilities, the Coordinator will, where possible, suggest alternative schedules or advise the Operator that no slots are available.
 - h. Operators are required to operate to the time, allocated by the Coordinator, the flight must represent the aircraft type filed and must not exceed the seat capacity that has been cleared.
 - i. Further details on the slot allocation process can be obtained from ACL by emailing: current_season@acl-uk.org (current season queries) and future_season@acl-uk.org (future season queries).
 - j. The allocated slots by ACL are all subject to the respective handling agreement with dnata.
- 3. Late Notice Schedule Requests – Schedule Coordination**
- a. DXB requests for ad hoc movements will be processed by ACL before the time of operation, Monday through to Friday. These flights are subject to prior DCAA landing permission and traffic rights, any slots allocated are subject to DCAA approval.
 - b. Requests should be sent in IATA SSIM Chapter 6 format to slots@acl-international.com or via the Online Coordination System (OCS). OCS may be unavailable periodically due to the maintenance of the system.
 - c. Requests within 24 hours and outside of ACL's office hours should be directed to the Airport Operations Control Centre (AOCC) to obtain schedule clearance at the following address and remain subject to prior landing permission from the DCAA:

Airport Operations Control Centre (AOCC)
Tel: 00971 4 504 5001
Email: aocc@dubaiairports.ae
 - d. Commercial and Cargo Operators may manage their own schedules via the Online Coordination System. Further information and application form for access is available at www.online-coordination.com. OCS may be unavailable periodically due to the maintenance of the system

- e. All ad hoc landing permissions and traffic rights issued by the DCAA are subject to the availability of parking for the specified aircraft on the required apron, terminal capacity for passenger flights and resource availability.
- 4. Ad Hoc, Charter Operators and Helicopter movements**
- a. Ad hoc and charter Operators are not permitted at DXB (refer to Annexes for further information).
- b. Helicopter movements are restricted to DAW (Dubai Airwing) premises only and remain subject to DAW's explicit approval. All requests for helicopter movements must be done via AOCC and not via ACL.
- 5. Local Rules**
- Local rules aimed at improving utilisation of capacity at DXB have been introduced and form part of these Conditions of Use. It is the Operator's responsibility to be familiar with these rules. Details of these local rules can be found under the relevant airport tab on the Coordinators website www.acl-uk.org/Dubai-International or refer to Annexes.
- a. **DXB – Slot Enforcement Local Rule**
- Dubai International (DXB) was designated as IATA Level 3 – Coordinated, from the start of the Summer 2010 season. The move reflected increasingly scarce capacity in the peak hours of operation and the intention to implement a slot process that promotes the best utilisation of the capacity.
- b. **ADDITIONAL RULES PERTAINING TO THE ALLOCATION AND WITHDRAWAL OF ALLOCATED SLOTS AT DUBAI INTERNATIONAL (DXB). THIS LOCAL RULE IS APPLICABLE TO ALL OPERATIONS:**
1. Airlines that repeatedly or intentionally operate services at a time significantly different from the allocated slot as part of a series of slots, or use slots in a significantly different way from that indicated at the time of allocation, shall not be entitled to historic status for that series of slots regardless of the utilisation of the slots during the season. The Coordinator may decide to withdraw from that airline the series of slots in question for the remainder of the season and place them in the pool after having heard the airline's concerns and after issuing a single warning.
 2. If an airline is unable to achieve 80% usage of any series of slots, the Coordinator may decide to withdraw from that airline the series of slots in question for the remainder of the scheduling period and place them in the pool after having heard the airline's concerns.
 3. The Coordinator may withdraw slots allocated to an airline for any services without a recognised destination and place them in the pool on 31st January for the following summer season or on 31st August for the following winter season after having heard the airline's concerns and after issuing a single request for the airline to declare a destination.
 4. The Coordinator may withdraw the series of slots provisionally allocated to an airline in the process of establishing itself and place them in the pool on 31st January for the following

summer season or on 31st August for the following winter season if the undertaking does not hold an operating license or equivalent on that date or if it is not stated by the competent licensing authority that it is likely that an operating license or equivalent will be issued before the relevant season commences.

For further clarification, please contact the Aviation Business Development team.

Aviation Business Management

Research / Strategy & Development Group

Email: Airline.Relations@dubaiairports.ae

c. **DXB – Charter Local Rule**

Dubai International (DXB) is designated as IATA Level 3 – fully Coordinated. This reflects increasingly scarce capacity at peak hours of operation and the need to implement scheduling processes that can promote best utilisation of the capacity.

ADDITIONAL SCHEDULING RULES AT DUBAI INTERNATIONAL (DXB) FOR CHARTER OPERATIONS, AMENDED FROM SUMMER 2023:

Designation of charter on non-charter operators and additional services.

Operator designation is assessed by the Slot Coordinator for new and existing operators. All Operators are required to fully cooperate and provide any information requested by the Slot Coordinator to support the assessment of an Operator's designation. The Slot Coordinator may be contacted at:

Airport Coordination Ltd (ACL)

Email: slots@acl-international.com

Tel: +44 (0) 208 564 0626 or +971 4 504 5824

- Operators who apply as IATA SSIM Chapter 6 service type C will be considered as charter and may not operate at Dubai International.*
- Operators may be required to provide proof of current ticket sales to the wider public. Operators designated as charter and/or not selling tickets directly to the public may not operate at Dubai International.
- Operators who do not hold historic slots at Dubai International and apply for ad hoc slots, a slot series less than 80% of the total weeks in the season, either before the IATA Initial Submission deadline, or before the start of season, or in season, will be designated as charter and may not operate at Dubai International.*
- Operators not designated as charter and hold historic slots at Dubai International may operate charter services if the seasonal total of charter movements does not exceed the total of scheduled passenger movements.
- Deportee flights are designated as charter and may not operate at Dubai International.

*Charter and ad hoc operations related to flights approved via local diplomatic channels are exempt from these restrictions.

Non-charter operators are required to follow the standard schedule application process as described in the Dubai International Conditions of Use.

Charter services operated by non-charter operators

Services that hold a series of slots, fewer than 80% of the available weeks, during a season at the IATA slot hand-back deadline will not gain historic status in future seasons. Therefore schedule requests for the same operation in future seasons will not be guaranteed a slot. Slots held for 80% and greater will be subject to the determination of Historic Status as detailed in the Worldwide Airport Slot Guidelines.

Operations that already have historic status prior to the publication of these rules at Dubai International

The historic status of existing operations will only be maintained for Operators not designated as charter. These will however be subject to the standard rules around utilisation as laid out in the Worldwide Airport Slot Guidelines. Failure to adhere to the rules will result in the loss of historic status and future applications will be treated as new services and subject to the rules relevant to these services as laid out above.

f. **DXB – Positioning, Training and Technical Stop Local Rule**

Dubai International (DXB) has been designated as IATA Level 3 – fully Coordinated from the start of the Summer 2010 season. This move reflects increasingly scarce capacity at its peak hours of operation and the intention to implement a scheduling process that can promote best utilisation of the capacity in these periods.

ADDITIONAL SCHEDULING RULES AT DUBAI INTERNATIONAL (DXB) FOR POSITIONING, TRAINING AND TECHNICAL STOP OPERATIONS, AMENDED FROM SUMMER 2023:

New Operators or additional services by existing operators at Dubai International

New Operators or existing Operators at Dubai International requiring slots for positioning flights are required to follow the standard schedule application process as described in Dubai International's Conditions of Use.

Services that hold a series of slots for positioning will not gain historic status in future seasons. Therefore, schedule requests for the same operation in future seasons will not be guaranteed a slot.

Training flights are only permitted by home based carriers and must obtain ad hoc slots to operate at Dubai International.

Technical Stop operations are not permitted at Dubai International *. Operators should apply to Dubai World Central (DWC) for technical stop operations. New operators or existing operators at Dubai World Central requiring slots for technical stop flights are required to follow the standard schedule application process as described in Dubai World Central's Conditions of Use.

*Technical Stop operations related to flights approved via local diplomatic channels are exempt from these restrictions.

Operations that already have historic status prior to the publication of these rules at Dubai International

The historic status of existing positioning and operations will be maintained. These will however be subject to the standard rules around utilisation as laid out in the IATA Worldwide Airport Slots Guidelines. Failure to adhere to the rules will result in the loss of historic status and future applications will be treated as new services and subject to the rules relevant to these services as laid out above.

g. **DXB – Cargo Local Rule**

Dubai International (DXB) has been designated as IATA Level 3 – fully Coordinated from the start of the Summer 2010 season. This move reflects increasingly scarce capacity at its peak hours of operation and the intention to implement a scheduling process that can promote best utilisation of the capacity in these periods.

Local rules on slot allocation for freighter operation at Dubai International (DXB) - Effective 11 March 2014

- No new freighter flights (excluding Integrators) will be accepted at DXB, new slots will be offered and allocated to freighter operation only at Al Maktoum International (DWC) subject to available capacity of the airport, in line with IATA scheduling policies.
- Effective IATA Winter Season 2014 Dubai Airports is implementing complete ban of all cargo operations (on freighters) at DXB, in addition all historic for scheduled freighters will be revoked.
- Cargo airlines will only be permitted to operate at DWC.
- Ban does not apply to Integrator flights operated by DHL\AeroLogic**, UPS

** 3S5 flights code only

h. **AMENDMENT TO LOCAL RULE AT DUBAI INTERNATIONAL (DXB) FOR CARGO AND FREIGHT OPERATIONS:**

Effective 25 March 2018 (IATA S'18 Season) and beyond:

- Ground times longer than 2 hours within the peak stand utilisation period will not be permitted
- The peak period will be reviewed season by season.

For clarifications on the policy and to discuss operations at DWC, please contact the Aviation Business Development team at Dubai Airports. For slot allocation kindly contact Dubai Airports' appointed slot coordinator at slots@acl-international.com

i. **Cargo Services at DWC:**

These rules will not apply at DWC as it is currently IATA Level 2 Schedule Facilitated. Full details of this process are described in Dubai World Central Conditions of Use.

j. **DXB – Historic Eligibility Local rule**

Dubai International (DXB) is designated as IATA Level 3 – Slot Coordinated. This reflects increasingly scarce capacity at peak hours of operation and the need to implement scheduling processes that can promote best utilisation of the capacity.

k. **ADDITIONAL SCHEDULING RULES AT DUBAI INTERNATIONAL (DXB) FOR HISTORIC ELIGIBILITY EFFECTIVE FROM WINTER 2017, AMENDED FROM SUMMER 2023:**

Services that hold a series of slots at the IATA Slot Return Deadline will not gain historic status in future seasons where either of the following apply.

1. The number of weeks in a series is less than 80% of the total weeks in the season.
 - a. Applies to all IATA SSIM chapter 6 service Types.
 - b. For historic eligibility the operator must be able to demonstrate ticket sales for each series.
2. The allocated slots are for positioning, technical stop or charter flights.
 - a. Applies to IATA SSIM chapter 6 service types G, R, C, O, L, P, T, K, E, W, X.
3. New freight integrator services, in accordance with the Cargo Local Rule.
 - a. Applies to IATA SSIM chapter 6 service types F, V, M, A, H.

Schedule requests for the same operation in future seasons will not be guaranteed a slot.

Historic eligibility will be reviewed regularly following the IATA Slot Return Deadline. The coordinator may withdraw any historic eligibility of an operator, if pursuant to the aforementioned points, the slot series is not held or operated as intended.

A newly allocated series that falls below 80% of the entire season may result in the operation being considered a Charter under the DXB Charter Local Rule. In such cases the conditions to the DXB Charter Local Rule would apply.

Operations that already have historic status prior to the publication of these rules:

The historic status of existing operations will be maintained. These will however be subject to the standard rules around utilisation as laid out in the Worldwide Airport Slot Guidelines. Failure to adhere to the rules will result in the loss of historic status and future applications will be treated as new services and subject to the rules relevant to these services as laid out above.

Exemptions:

New services beginning later in the season may be exempt from point 1, where there is intent to operate at least 80% of the total weeks in the future equivalent season.

For further clarification, please contact the Aviation Business Development team.

Aviation Business Management

Research / Strategy & Development Group

Email: Airline.Relations@dubaiairports.ae

Slot Performance Committee and Terms of Reference

- a. Operators' slot performance and adherence is monitored according to the confirmed coordinated slot times. The Coordinator will monitor slot adherence, investigate and take appropriate action

to address any misuse or abuse. This may result in action being taken directly by the Coordinator or escalation to the Slot Performance Committee (SPC) for further action as appropriate. All Operators are required to cooperate and provide any information requested by the coordinator during such investigations. It is the Operator's responsibility to be familiar with the SPC Terms of Reference, details of which can be found on the Slot coordinator - ACL website www.acl-uk.org/Dubai-International.

- b. Requests for slots, cancellations or changes will be processed by the coordinator prior to the time of operation, Monday to Friday, during the coordinator's office hours (Dubai: Monday – Thursday 0730 – 1600 GST Friday 0730 – 1230 GST, UK: Monday – Friday 1130 – 2000 GST). All requests must be made using IATA SSIM chapter 6 format and sent to the Slot Coordinator slots@acl-international.com.
- c. Operators may manage their schedules via the Online Coordination System (OCS) 24 hours a day. Requests made via the Online Coordination System may be made prior to the time of operation via: www.online-coordination.com. OCS may be unavailable periodically due to the maintenance of the system
- d. Outside of the coordinators office hours and within 24 hours of operation, requests should be directed to the Airport Operations Control Centre (AOCC) for slot clearance at aocc@dubaairports.ae. Operators should receive receipt of the slot approval from AOCC.
- e. Ad hoc code F aircraft schedule requests should be made at least 72 hours in advance of the requested arrival time.
- f. Aircraft subject to unforeseen operational delays should contact Airport Operations Control Centre (AOCC) to advise the expected time of arrival and departure. There is no need to request a new slot in cases of unforeseen operational delays where the operation will take place within 24 hours of the agreed slot time. Examples of unforeseen operational delays include aircraft technical issues or weather conditions that could not have been planned for.
- g. Delayed aircraft must utilise slots in the same manner as originally agreed. If the original slot tie has elapsed. If any change to the original slot agreement is required, these should be made before the original slot time has elapsed. This includes flight number, aircraft type and service type changes. If a longer ground time is required, a new slot must be requested immediately.

ANNEX 4 - PASSENGER WELFARE & CONSUMER PROTECTION

Purpose:

The purpose of this section is to set Dubai Civil Aviation Authority's (DCAA) and Dubai Airports' (DA) expectations in regard to passengers' welfare standards and minimum assistance required by the airlines during times of disruption.

Flight disruption could be caused either by flight cancellation, flight delay or major incident causing airport closure or significant capacity reduction.

During any period of flight disruption, airlines shall ensure compliance with this policy and assume full accountability in addressing passengers' minimum welfare requirements.

Communications and Information

- During any type of disruption, the affected airline shall nominate an informed representative to communicate with passengers and with DA Operations and ensure representative availability at all times. The airline representative shall be available at check-in and throughout the period of disruption.
- In the event of a flight cancellation prior to the passenger's reporting time for check-in the airline shall notify DA Airport Operations Control Centre (AOCC) immediately after the decision and notify passengers within the first hour of the cancellation decision.
- In case of a flight delay, the airline representative shall provide regular updates to passengers, DA and DCAA OPS every hour.

Disruption details and information shall be reflected on the airline's social media channels and website if available, also communicated via SMS or phone calls.

Provision of Support

- Priority shall be given during the whole period of disruption to vulnerable passengers such as passengers with reduced mobility, special needs, unaccompanied children, senior citizens, and families with young children.
- Check-in desks and transfer desks shall be manned adequately to ensure full support is provided to passengers during the rebooking, cancellations, and refund request process. The airline shall rebook the next available flight to be as convenient as possible at the wish of passenger.
- The airline shall provide the passengers, DCAA consumer protection, and DA Terminal Duty Managers with the 24/7 rebooking centre contact details.
- During any type of disruption beyond 3 hours, the airline shall provide the passengers with meals and refreshments free of charge, and in a reasonable relation to their waiting time.

- During any type of disruption beyond 8 hours or necessitating an overnight stay, the airline shall provide hotel accommodation to passengers and transport between the airport and place of accommodation.
- Airline should provide clear complaint procedures to passengers.
- DA reserves the right to provide assistance to passengers directly if the affected airline does not comply with the above minimum standards, all costs incurred by us shall be fully charged back to the defaulting airline and payable on demand.
- Maximum hold onboard an aircraft is 3 hours in absence of disembarking decision.

ANNEX-5 SCHEDULE OF CHARGES

- **Value Added Tax (VAT)**

All charges specified in these Conditions of Use are exclusive of VAT. You shall pay the VAT where required in accordance with the applicable laws and regulations in force in the United Arab Emirates from time to time.

- **Charges on Landing**

Aircraft Landing charges are based on the MTOW	
Up to 4.5 tonnes	AED 16.00 per tonne
4.5 - 45 tonnes	AED 18.58 per tonne
Over 45 tonnes	AED 20.19 per tonne

- **Aircraft Parking Charges**

The charges for parking aircraft at Dubai International are based on number of hours and aircraft category:

Aircraft Parking Charges*	
Narrow body A/C	- 1 hour and 30 minutes free after landing (starts on block) - AED 289 for first charging hour or part of it (after end of free period) - AED 472 per each additional hour or part thereof
Wide body A/C	- 3 hours free after landing (starts on block) - AED 435 per hour or part of it for first 3 charging hours (after end of free period) - AED 797 per each additional hour or part thereof
<p><i>*For Integrators exceeding 2 hours on the ground during curfew (0200 to 0800 Local Time) as per the annexed cargo local rule, a 200% premium shall be levied on the highest hourly rate of parking fees</i></p>	

- **Passenger Service Charges (PSC)**

An amount of AED 75.00 per Departing Passenger.

- **Passenger Security & Safety Fee (PSSF)**

An amount of AED 5.00 per Departing Passenger.

- **Advance Passenger Information Fee (API)**

An Amount of AED 5.00 per Arriving, Departing, Transferring, Transiting Passenger.

- **Passenger Facility Charges (PFC)***

An amount of AED 40.00 per emplaning passenger.

- **Other Charges**

In addition to the above, all charges outlined in the conditions of use including but not limited to Aerobridge Occupancy charge, Security charges and Airport Fire Service charge are payable by you as follows:

Aerobridge Occupancy Charge	
Charge per hour	AED 645 every two hours or part of
Security Charge	
Extra Security	AED 300
Security Screening charge (Integrators only)	AED 300
Airport Fire Service Charge	
Charge per service	AED 200

**All passengers travelling on or after 30th March 2025 (Summer '25 season) will be subject to an increase charge of AED 45. All passengers travelling on or after 29th March 2026 (Summer '26 season) will be subject to an increase charge of AED 50.*
